

When You Come to See Us

You will not go away disappointed owing to a lack of variety in entirely new styles of

Novelty Dress Goods

Besides showing exclusive designs in fine patterns, we have a large collection of medium-priced novelties, distinctly unlike anything shown elsewhere in the city.

Dark shades in serviceable boucle cloths with camel's hair stripes, at 19c a yard.

Strictly all-wool check and plaid novelty dress goods, 36 inches wide, at 25c.

Forty-inch all-wool and silk-and-wool Scotch mixtures for stylish dresses at 49c a yard.

Something to Knock About In

—Something to stand rough wear. This is a common request at our dress goods counter; now we have them.

Thirty-eight-inch all-wool serge in black and colors at 29c.

Best heavy storm serges, 48 inches wide, all wool, at 50c a yard.

Dark shades in fine ladies' cloth only 50c.

Handsome satin finished broadcloths, 52 inches wide, all the fashionable shades, 98c.

Our line of 52-inch English cork-seams and chevrons, in two-toned effects, for stylish and serviceable tailor suits, can't be surpassed at the price, \$1.25 the yard.

WAIST SILKS

There is nothing lacking that should be here to perfect our silk department. Artistic designs, correct styles and prices modest.

We offer extra wide Roman stripe china silks at 65c the yard.

Lustrous changeable effects in fine taffetas at 59c the yard.

Handsome plain black taffetas at 59c.

Stylish Roman stripe and Tartan plaid taffeta silks for 79c and 85c.

Hats to Suit The Face

—Whatever type you favor, whether dark or fair, there is a style of millinery that just suits your face. We study your style, and charge you nothing extra for fitting you with a correct hat.

Special Display of Small Hats and Bonnets This Week

Do you hear him speak?
If Wilhelm don't deal in personalities what is it he does deal in? Second-hand news exclusively or plate matter.

It took nerve for the Register Co. to authorize Wilhelm to offer that reward. Out of the three stockholders he and his brother are two.

Wilhelm don't deny in his two and a half column article being an A. P. A., but wants someone to prove it. He is the only one we know of who would violate his oath for the reward. Maybe he is after the reward himself.

Nominee has been heard to hint that he past two months that William McKinley made any mistake last fall when he remarked that he thought it better to open the mills to American labor than the mints to the world's silver.

The earnings of the Dingley law in the second half of August were slightly in excess of \$9,000,000; those of the first half of September were over \$10,000,000, and those of the last half of September were in excess of \$11,000,000, showing a steady and gratifying increase in income under it.

Every fire insurance policy in Paducah contains an evidence of the good management of the present council, in the low rates of insurance. For evidences of Democratic management take a stroll down to the foot of Broadway and gaze upon our \$36,000 wharf.

Bryan delivered an address at Kansas City a few days ago, and his cooperation was one-half the gate receipts. A close inspection reveals the fact that Mr. Bryan is speaking

for the masses as against the classes at so much per night. He is making more per year speaking for the dear people than the salary of the President of the United States amounts to.

W. J. Bryan wrote to Tammany advising that body to declare for 16 to 1, Bryanism and any otherism that might be in the Chicago platform, either actually or inferentially. But Tammany is running its own campaign this year and the naashead for advice was ignored and laid away, perhaps for reference after the election.

The Treasury receipts under the Dingley law are steadily increasing. The receipts of its second month are greater than those of the second month under the Wilson law, despite the fact that the Dingley law found the country filled with foreign goods, while the Wilson law found many million dollars' worth of goods waiting to enter and contribute to its earnings.

The action of Senor Sagasta in recalling General Weyler from Cuba has at least won the commendation of all liberty-loving people. The new Spanish ministry may make mistakes and will, in fact, probably prove entirely unable successfully to cope with the Cuban problem; but the recall of Weyler is an act that will meet the approval of the civilized world.

Paducah is a growing city. It needs a business-like and thoroughly wide-awake board of council to manage its affairs. The republican party has selected a board of council, and asks that every voter will consider the personnel of this ticket and vote accordingly. The republican nominees for council are thorough business men, in whose hands Paducah's interests will be well cared for.

The denial of dealing in personalities at the beginning of his two and one-half column article, starts the Register's article off with a falsehood and stamps the whole of it as made of the same stuff. His arrangement of Capt. Furley, Capt. Williamson, L. K. Taylor, F. M. Fisher and everyone else that he dislikes have been the most venomous personal attacks ever dealt in by any newspaper in Paducah.

The Russian government is soon to put into practical operation one of the protective features of this country. That government has determined that after 1900 the coasting trade must all be done in Russian vessels, flying only the Russian flag. This is a strictly American policy, and under it our coast, river and lake marine has been built up until it is the finest on earth. If our ocean marine had the proper protection it would not now be in a state of decadence.

Not a day goes by without substantial evidences of the gaining strength of the Republican municipal and county tickets. In the city, where the party has a two years' record to point to, the tide is slowly but surely setting towards Farley. It is evident that Mr. Lang as mayor would be but a continuation of the services of Mayor Yeiser, and with all due respect to Mayor Yeiser as a business man, as a city official the people have had enough, a great plenty.

"Have you seen the General?" is the question Bryan used to ask last year while on his Republican-vote making tour. But we don't hear anything more of that from Bryan or his followers now. General Prosperity is here. The public is becoming used to the starting up of mills and factories; of farmers products rising to the point of profitable prices. In fact the novelty of returning prosperity is wearing off.

How long would the city of Paducah have existed without a sewerage system, had it not been for a republican council, and even this council led to face the opposition of a democratic mayor in the sewerage business. The city needs a sewerage system, and the present council had the courage to assume the expense of constructing it, although there were numerous protests from a few people. But if it had been left to democrats to build the sewer system, Paducah would have waited ten years more. The attitude of Mayor Yeiser, who has now been received into full democratic fellowship clearly shows that.

Our Democratic friends should bear in mind that the Republicans do not claim the entire responsibility for dollar-wheat. We admit the effect of the great crop failures abroad, but we do claim that the opening of the American mills and factories and the creation thus of an immense and greatly enlarged home demand, has had a great deal to do with sustaining wheat and other farm products at their high prices. The shortages in the crops abroad was the work of Providence. But the opening of the

mills and factories and the giving of employment to hundreds of thousands who have been idle for months and in many cases years, was the work of the Republican party.

The Sun by its own authority offers thirty dollars reward, as that is the maximum salary the manager of the "Register" earned before he got to sinking someone else's money in the newspaper business, to any one who will produce the ballot voted by James E. Wilhelm in the last Presidential election, as it is openly charged that he voted for McKinley, and we want to give him credit for having done so if it is true. As Wilhelm participated in the convention that sent delegates to the Louisville convention that nominated Hadman, we will double the amount if some one will get the ballot showing how he voted for Clerk of the Court of Appeals. We will give thirty dollars to any one who will prove how Wilhelm voted for Mayor as between Yeiser and Johnson and as between Wilcox and Yeiser.

THE WAY TO HANDLE THE SUGAR TRUST.
The Hon. S. E. Payne, a Republican member of Congress from New York state, in a speech in Congress in July, outlined the Republican idea of destroying the power of the sugar trust. He said:

"What shall be done with the sugar trust? Well, I will tell you what in my opinion is the best way of dealing with it. Establish a beet sugar factory in every Congressional district in the United States. Give competition, and lots of it, everywhere. You gangsters over there, come and help us. You Populists that go up and down the streets day after day proclaiming your devotion to the interests of the farmers, help us out now when we are trying to help the farmers in this industry that we can establish so successfully. In this way you will do something towards demolishing the trust."

Why should we not produce all of our sugar in this country. Why, it costs us, Mr. Speaker, about one hundred millions. We were looking around for proper subjects for taxation. We know that sugar would produce an enormous revenue; and besides that, we knew that an adequate protective tariff would build up the industry in this country, and as it was gradually built up the revenue from that source will be reduced; by and by the revenue will come in more largely from other sources, and when this industry is fully established and revenue from sugar ceases, the reduction will keep pace with the increase. The thing will regulate itself; we will not disturb our tariff in the next quarter of a century."

First Assistant Postmaster General Perry S. Heston is going to Louisville to consider plans for the establishment of four postoffice stations in that city.

DR. GOLDSTEIN.
The Optic Specialist Will Remain a Few Days Longer to Give Those Who Have Not Consulted Him an Opportunity to Call On Him.

Eyesight is priceless, and the popular opinion that the use of glasses should be postponed as long as possible is erroneous. As soon as unpleasant feeling denotes approach of falling sight glasses should be resorted to at once, as the longer the eyes are deprived of the aid which they need, and consequently subject to strain, the more rapidly will the changes as the eye becomes developed. The market is flooded with low priced spectacles which have imperfect lenses, are therefore a great injury to the eye. The important part of a pair of spectacles is the part comprising the frames, and naturally of most importance are the lenses they contain. His glasses are fitted with the finest spherical convex and concave lenses, accurately measured and properly adjusted to the frame, preventing irritation and strain to the eye. There is a great public need for information regarding the proper selection of spectacles and care of the eyes. A large proportion of habitual weak eyesight may be entirely remedied by the use of a carefully adjusted glass to assist the sight and thereby remove the undue strain to which the eyes under certain conditions are subjected. Those whose eyes are in a condition of perfect health will find to understand adequately the stress laid upon apparently trivial matters in the preceding remarks; but those who have suffered from any defect for weakness of the eyes will comprehend at once the great importance of the seemingly most insignificant point mentioned. The former class of individuals, however, should have quite as much interest in the matter as the latter, for the old proverb that "an ounce of prevention is worth a pound of cure" can find no more fit application than in the case of the eyes.

Your Credit is Good... 203-205 SOUTH THIRD STREET

WRITTEN AT RANDOM.

The other day Don Gillette, the popular proprietor of Hotel Gillette, handed a South Third street car. Chief of night police Harry Singery got on about the same time, and the former jokingly remarked "two for nothing," as he pointed at Gillette's car. Singery told him about his great idea.

Police men ride free, and as Gillette Singery would make two ordinary men, the appropriate remark evolved no little merriment from the other passengers. The man sat and chuckled at the officer's discomfiture until an old colored woman stopped the car, slowly climbed aboard and waddled in.

She sedulously curled the corner of an old handkerchief, and took out a paper. When she started up to deposit it, the Don politely asked her to save her the trouble, and she handed him the paper.

Still laughing at the officer, he went to the rear box and, without looking at the old woman, who appreciated politeness, but no money to be had, he threw the paper into the box. The old woman, who appreciated politeness, but no money to be had, he threw the paper into the box.

Older Singery says the man who laughs last has a clench.

interesting story relative to his journey on the island of "Cannibals." He left home in 1872, and secured exchange in San Francisco. He was astonished to receive the full face value of his paper in gold, in addition to a sum of money over what he had at first expected.

When he started back to America, however, he went into one of the exchange offices, with which Honolulu is well supplied, and called for exchange for \$4,000. His money was all in gold, and he didn't care to be annoyed with it on his trip home. When he learned that the exchange office demanded 2 1/2 cents on each dollar, however, he declined to take exchange, but concluded to wait until he got aboard the steamer and deposit it with the purser. He found, however, that the purser charged 2 1/2 cents on each dollar, and the result was, he carried his \$4,000 in gold in a small suitcase strapped over his shoulder throughout the voyage.

His object, a telling the above was to show that one of the advantages to be derived from the annexation would be emancipation from exchange sharks.

within the next few months, and when the double century mark is reached there will be certainly the banner lodge of the state. At present, Friendship Lodge at Paducah, Ky., enjoys that distinction, but our brethren over on the Ohio had better get a move on themselves or we will soon snatch that coveted honor from them.

Deputy Grand Master Workman Vaughan, of Paducah, has been in Bowling Green for some time assisting the local members in gathering recruits to the local order and he has done yeoman service. He is thoroughly posted in all the details of the order and is an earnest and enthusiastic believer in the A. O. U. W., hence he is able to point out with great clearness its good points, and they are many. This organization is well worth the consideration of any citizen of this city, and a majority of those who give it a careful scrutiny will not hesitate long to embrace its advantages. The "Democrat" hopes to see the local lodge swell to large proportions before snow falls, and this can be done if people can be induced to seriously consider the many benefits of the order.

MISS HUTCHISON

Declared the Most Popular Young Lady

And Received a Fine Quilt at the Second Baptist Church.

The Ladies' Society of the Second Baptist church recently finished a fine quilt, which they decided to give to the most popular young lady, this to be determined by a vote.

Last night the quilt was voted at 10 cents a vote, at the church, and 670 votes were cast, 667 being cleared. Miss Carrie Hutchison, of South Eighth street, received the largest number of votes, and was awarded the quilt.

The church tenderers its thanks to the Ladies' society, which gave the amount over to the church fund.

A GOOD COMPANY

At Morton's Opera House Thursday Night, Oct. 17th.

Mr. Edwin Travers, the talented young comedian who has won bright commendations on both sides of the Atlantic, will be seen here Thursday night next with a finely balanced company of comedians, in the great masterpiece of the farcical comedy art, "A Jolly Night."

Mr. Travers' company contains nothing but clever, reputable players, and one of the most all-around performers ever seen in this city is promised. The comedy is of a pure and wholesome order, clean and strictly up-to-date. Specialties of a most pleasing nature will add to the evening's enjoyment.

THE KENTUCKY TWO-STEP.

A New Composition by a Paducah Musician.

"The Kentucky Two-Step" is the title of a new march by Mr. H. Miller Cunningham, of this place. The march is a stylish one, has an excellent melody, and reflects considerable musical ability on the part of the composer. It is dedicated to Miss Robinson, an accomplished musician of Fulton. Last summer, before the scene was put in print, this march was played by the G. A. R. band, of Canton, Ohio, and made quite a hit.

It is now published for nearly all instruments and combinations, and is on sale in the city. We predict that it will be as popular as its merit deserves.

Don't fail to hear Senator Deboe at the Opera House tonight.

The Flood Tide...

Of fall trade has set in. It will increase in volume day by day. Already it ripples and eddies around the different sections of the store—dresses, millinery, cloaks, warm underwear, blankets, etc., all begin to show signs of great activity. We are placing our patrons no store can have a better advertisement than that. We are here for that purpose.

Mark a profitable path that leads direct to our doors. Note the price of a lady's coat, for example. Ask them for making this store the place of their dry goods supplies, and they will tell you that they have full confidence in our merchandising methods. That's the secret of our success.

The New Gown Stuffs.
Shelves laden with handsome new fall weaves. Come in and see if we have not outdone all former bests. Note the styles, compare the qualities and prices, and be convinced that we have been doing some masterful buying.

Autumn Hosiery Sale.
Everyone wears stockings; everyone wants to wear honest stockings. This hosiery section of ours is the pride of the store. Its success has been achieved by buying the best and selling at the closest margin of profit possible. Come in and see for yourself.

The Busy Millinery Section.
There's a reason for it—yes, several reasons. First, we've the handsomest stock in Paducah; second, you can depend upon our hats being right in style and worthiness of material; and third, the prices are so modest that one's sense of economy is appealed to.

The Garment Boom.
In so short a space we could not give a creditable description of the home and prices of these tempting lots of capes and jackets, but would like to emphasize the fact that all are tailor-made; that the fit is perfect; that they are finely designed; that the materials are of the best; that our prices are exceptionally low, and that we want to start the season right by giving you values that you can talk about. We are ready to show you.

For Shoe Buyers.
Don't think you ever wore honest shoes than these. We know they are honestly priced—too much so for a big profit showing; but we bought them when leather was lower, on a close cash basis, and the saving goes to you, where it rightly belongs.

We ask our friends everywhere to call on us, and promise to save them money on reliable goods.
